rismiy 21 s to cominy night 23rd inst. Dr. Chambliss, Iron. E. B. Murray and many other able men were present. It was regretted that Judge Pressley's duties on the Bench at this time prevented his being at his usual post.

The Furman University and the cause of education occupied much of the time and deliberations of the Convention. This old institution is represented to be excellent condition, and will be supported.

Some able and elequent sermons were preached in the various Charelios on Sunday.

#### A Homent of Horror.

A prominent fancy goods dealer of this city, whose neatness of attire is the envy of the less fortunate, stepped into his store Funday to replenish the furnace. He laid and: his glossy silk that and put on an old straw Having arranged matters satisfacto rily, he sauntered up Congress stret just as church goers were coming down. Meeting a lady of his acquaintance, he gracefully lifted his hat, when, to his horror, he found that he had on the straw one aforesaid. He took the back streets and reached home as soon as possible.-- I return (Me.) Argus.

"Doom

This is one of the latest slang words, and it is fast creeping in o every grade of society. No matter what it is that takes a sudden start upward, it is described as a "boom." We would not be at a f surprised to see it applied to hangings, and have an execution healed jas 'Mr Cutthroat's Boom." We think it would be a good thing for the language it those parties who invent such words were "boomed" at the end of a rope Let us stand by the good old plain English. We can understand it bet ter than the newly invented slang .-Camden Journal.

One of the grounds of the Beaufort "Crescent's" support of General Gary for Covernor is that he is a great favorite with the ladies." Do women vote in South Carolina, or is it because they control the men who do the voting that their support is an element of strength to a candidate?

Mississippi's next Legislature will have a Democratic majority of 103 on joint ballot.
